

END-WET Route and Spectator Map

The Extreme North Dakota Watersports Endurance Test (END-WET) is a 36-mile down-river swim ultra-marathon where solo or relay swimmers will travel from rural ND into East Grand Forks, MN, on the mighty Red River of the North.

The Greenway offers several options to see the swimmers during the final miles of the race. The pedestrian bridge at the Lincoln Park Golf Course is a prime spot, as is Lincoln Park.
